LEISURE, RV
& MARINE

PERFORMANCE WHEN IT COUNTS

RELIABLE POWER FOR YOUR RECREATION

Deltec sealed maintenance-free batteries are designed to excel in all recreational vehicle applications. Produced in a state-of-the-art manufacturing facility, Deltec batteries are built with patented X-Frame technology and high-grade components for superior results.

Our recreational range delivers the high cranking power needed to get you started, and exceptional performance in c20 cyclic applications to meet the increasing power demands of today's modern leisure vehicles.

PROVEN PERFORMANCE

Deltec RV/Marine Series is the primary choice for all leisure vehicles, whether you're on the road, off-road, or on the open water. They are specially designed to meet and even exceed the requirements of high-end vehicles that are heavily equipped with advanced electronic devices and accessories.

Benefits

- Long service life
- Reliable starting power
- Maintenance-free design
- Exceptional performance in c20 cyclic applications
- Designed to withstand Australia's harsh conditions

Features

The latest in full-framed stamped grid technology, Deltec's patented **X-Frame** design provides stable and powerful starting performance.

- With **High Durability Plate Technology**, micro-fibre is added to increase the durability of active mass, supplying stable and prolonged power supply.
- **Calcium+** - a highly pure, advanced lead-calcium-tin alloy technology features excellent prevention against corrosion, self-discharge, and electrolyte loss.
