

ELiVATE Lithium Batteries

Deep Cycle LiFePO4 Battery

MEET THE BOLD NEW BATTERY ON THE BLOCK: ELiVATE LITHIUM BATTERIES

A premium power source making every adventure possible.

Built from the ground up with cutting-edge battery technology, ELiVATE Lithium Batteries are a game changing energy storage solution for adventurers - packed with powerful features that provide unparalleled performance, every time, for ultimate peace of mind.

Produced in a state-of-the-art manufacturing facility, they set the new gold standard for powering outdoor adventures. Certified and tested to the highest international standards (UN38.3, UL1642 + more), with strict quality control during every step of the manufacturing process, they are robust, reliable and ready to take on any ride.

ATTRIBUTES

ELiVATE Lithium Batteries are small in scale but big in benefits, making it a compact power supply that packs a punch.

- Longer lifespan with a large number of cycles
- Roughly half the weight of lead-acid equivalent
- High energy density for extended runtime
- Rapid charging for reduced downtime
- Internal BMS and thermal technology to ensure overall stability
- Low self-discharge rate ensures a long shelf life
- Invaluable insights with Bluetooth connectivity
- Environmentally friendly chemistry
- Complimentary 5-year limited warranty

APPLICATIONS

ELiVATE Lithium Batteries are designed to power high-end vehicles that are heavily equipped with advanced electronic devices and accessories - giving adventurers the power they need, when they need it.

Caravan

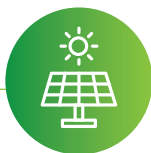

Marine

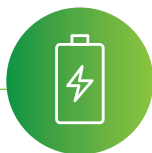

Boating

4WD & Leisure

Solar

Backup Power

Electric Vehicles

Bluetooth **Connectivity**

ELiVATE's Bluetooth App makes monitoring battery health a breeze. Forget accessing the power system directly for data - just pull up the app on a phone or tablet for critical information all in the one place.

Available for free download from the Apple App Store and Android Google Play Store.

APP FEATURES

- Charge and discharge time remaining
- Capacity and state of charge
- Temperature
- Total voltage
- Number of cycles

ELiVATE LITHIUM FLOW CHART

The very best raw materials are sourced to ensure from the ground up, only the best A-grade cells are manufactured. Certified and tested to the highest international standards, with strict quality control during every step of the manufacturing process, they are robust, reliable and ready for the ride. We don't just assemble the battery, we own the process!

TECHNICAL SUPPORT

ELiVATE Lithium Batteries' friendly, experienced team is there when their customers need them. They're just a call or message away at **1300 335 228** or **info@deltecbatteries.com.au**.

ABOUT ELiVATE LITHIUM BATTERIES

ELiVATE Lithium Batteries are dedicated to powering adventures with game-changing batteries built from the ground up. They pride themselves on high-quality products that are built to last and deliver exceptional performance, every time.
